How will I know that an event has been canceled?

For council events, the adult listed on the individual girl's event registration will be notified. If the event is put on by a community partner, it is up to their discretion on how to notify for canceled events. Community partner contact information will be listed for these events.

What does my fee include?

Please read descriptions thoroughly to know what is included. In the case a badge or patch is not included; insignia may be purchased at any Girl Scout Shop or on-line.

What is the difference between a council event and a community partner?

Council events are GSLPG planned events, which our Girl Program staff coordinates. Community Partner events are planned in partnership with local establishments.

Who can participate in GSLPG's Program events?

A registered Girl Scout is always welcome to our events, independently or in a Troop. Please use the key to see who else is eligible to participate.

What is the refund policy?

GSLPG reserves the right to cancel or change any scheduled activities. A refund is made only when the council cancels a council-planned event or extenuating circumstances of the registrant. No refunds will be issued for no-shows. Check with community partner-sponsored events for their refund policy.

Perhaps you have a great Girl Scouting skill or fun hobby that you would like to share with more girls than in your troop or service unit?

Do you work in a facility that could be a great touring opportunity for girls in your region to learn about a career field or would you be willing to speak to girls about your position?

Reach out to the Program Team by emailing info@gslpg.org to see how you can share your expertise with local girls. Together we can offer girls a world of exciting possibilities.
